

COVID-19 Aide: Rapid Deployment Shelters

Our Rapid Deployment Shelters Provide a solution for the overcrowded hospitals, clinics, and communities, giving workers the extra space they need to do their job. Each is a per-engineered buildings with full electrical, heating, and lighting services. Each shelter has over 30 furnished individual rooms.

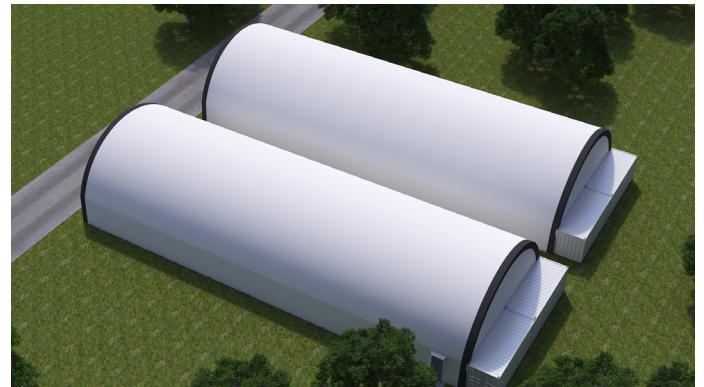

All shelters are portable and can be erected on existing levelled concrete, gravel, and asphalt. They can be used as COVID-19 test, treatment, & quarantine sites; temporary storage buildings; emergency shelters; & disaster relief buildings.

A Solution for COVID-19 Threats, Preventing Future Outbreaks

AVAILABLE WITH BUILT-IN WASHROOMS

COVID-19 OUTBREAK IN MANITOBAN FIRST NATIONS *(as of October 14, 2020)*

- 60+ cases among 7 Manitoban First Nations communities
- Little Grand Rapids under a Code Red on the provincial pandemic response system after over 30 cases
- 43 active cases of COVID-19 among First Nations people in Manitoba (15% of all active cases in the province)

HOW COBRA ENTERPRISES IS HELPING

- Each building can be easily taken down and re-purposed for shops, heated storage, community centres, daycares, and more.
- Cobra Structures and Bison Container Homes are pooling their resources to assemble Visitation Shelters at personal care homes, wherever needed.
