

EQUINE

Re-Imagine Your Riding Environment

Common Building Types

Atlas

Available from 24' - 108' Wide

The Atlas Building Series defines the traditional look of fabric covered buildings. Popular applications include barns, implement and equipment storage, commercial warehouses and storage buildings.

Apex

Available from 53' - 100' Wide

The Apex Building Series maximizes interior usable space thanks to its tall side walls. The slightly curved roof profile, sharp peak and standard sidewall legs give the Apex style and character, without sacrificing functionality.

Epic

Available from 80' - 120' Wide

The Epic Building Series has the look of a traditional building and all the benefits of a fabric building: natural light, superior ventilation, and no interior columns. A popular style for dairy buildings, the Epic's straight wall design offers flexibility of door locations and sidewall features.

The Ideal Choice

Indoor Riding Arenas

We offer great solutions for indoor riding arenas, whether for personal use or as part of a rodeo.

Training Arenas

Our fabric structures provide the optimal square footage necessary, and with no interior columns to get in the way.

Horse Barns & Boarding Stables

Easily accommodate stalls, run-ins, tack shops and boarding stables with bright natural light and abundant fresh air.

Benefits

Wide Open Spaces

The absence of internal posts means you can maximize the area up to 200 feet wide of space in a welcoming environment.

Year-Round

Ride or train year-round, regardless of weather conditions, without outside noise or indoor echoing for a stress-free environment for all.

Bright & Airy

Our free-span interiors reach great heights with beautiful cathedral-style options for well-ventilated, bright, and naturally lit buildings.

Customization Options

- Choose from several customized stall options, or create your own!
- Add visible and durable interior fencing to train and contain horses
- Design high-quality sliding barn doors for access to outside of stable
- Build viewing area(s) throughout stable to support riding competitions
